4. Steps
5. Example
6. Activity
8. Conclusion
9. Learning outcome

What is SWOT Analysis?

Professional Grooming and Personality Development (303193252)

- Strengths: Internal positive qualities.
 - Weaknesses: Internal limitations.
 - Opportunities: External factors to explore.
 - Threats: External risks or challenges.
- SWOT helps in strategic planning, career assessment, and organizational analysis.

Purpose of SWOT Analysis

- To assess the current position of an individual or organization.
- To identify areas of improvement.
- To align strengths with opportunities.
- To manage risks and overcome weaknesses.

When SWOT is Required

- Before starting a new project or job.
- During career or academic planning.
- While launching a product or business.
- For self-development and goal setting.
- During performance review or strategy update.

Steps to Conduct SWOT Analysis

- Identify internal Strengths and Weaknesses.

Professional Grooming and Personality Development (303193252)

- Identify external Opportunities and Threats.
- Analyze the connections.
- Create an Action Plan.
- Review regularly and update.

Example – Personal SWOT Analysis (Student)

Strengths – Good communication, teamwork, leadership.

Weaknesses – Poor time management, procrastination.

Opportunities – Internship programs, skill workshops.

Threats – Competition, changing job trends.

Example – Organizational SWOT (Apple Inc.)

Strengths – Strong brand, loyal customer base.

Weaknesses – High product prices.

Opportunities – Growth in emerging markets.

Threats – Intense competition, imitation.

Example – Career Growth SWOT

Strengths – Technical knowledge, creativity.

Weaknesses – Lack of public speaking experience.

Opportunities – Networking, training sessions.

Professional Grooming and Personality Development (303193252)

Threats – Automation, limited job openings.

Activity

Activity: Create a SWOT for a Known Brand

Steps: Groups, choose brand, create SWOT, present, reflect.

Case Study – McDonald's

Strengths: Global brand recognition, franchise network, strong marketing.

Weaknesses: Unhealthy image, turnover, quality control issues.

Opportunities: Healthy food demand, tech-driven ordering, expansion.

Threats: Fast-casual competition, regulations, changing consumer preferences.

Discussion Questions

- How can McDonald's turn weaknesses into strengths?
- Which opportunities should it prioritize?
- How to address threats?
- Role of innovation?

SWOT Analysis – Taylor Swift

Strengths: Musical versatility, songwriting, fanbase, business acumen, partnerships, cultural influence.

Professional Grooming and Personality Development (303193252)

Weaknesses: Overexposure, polarizing image, high expectations, personal life scrutiny.

Opportunities: Global touring, film & TV, philanthropy, new ventures.

Threats: Controversies, competition, burnout, IP issues.

Using SWOT Results

- Personal development plans
- Match strengths with opportunities
- Convert weaknesses to learning goals
- Manage threats proactively

Assessment

Formative: Worksheets, peer discussion.

Summative: SWOT report with plan.

Engagement Strategies

- Create SWOT chart
- Group discussion
- Case study
- Role play

Self-Reflection

Professional Grooming and Personality Development (303193252)

Guiding questions for personal SWOT.

Action Planning

- Use strengths
- Overcome weaknesses
- Pursue opportunities
- Manage threats
